Clear Your Roadblocks to Your Success

A recent survey revealed the following statistics:

- 33% have no Vision or Business Plan
- 23% over 63 years of have no Succession Plan
- 33% earn \$50k - \$100K per year
- 12% are Very Satisfied
- 49% Not Very Satisfied
- 40% are NOT Satisfied

In a world where we believe that, "money buys you happiness," working in the financial services industry should make you happy, one has to ask "WHY" these survey results are happening. This presentation will help you to understand WHY you may have the Roadblocks and HOW to Clear Your Roadblocks to YOUR Income, as well as essential information about Vision & Business Planning, Time Management, Delegation, Referrals, High Net Worth Clients, Product Specialization, Niche Marketing, Client Segmentation and More.

Simon's experience has been developed through years of work with the following industry leaders:

"Sincerity, humor, enthusiasm – genuine concern about the succession problems of ageing financial advisors. He is much more computer savvy than expected with lots of credible research to back up his points. Simon distinguished himself from being a motivational speaker. Simon's presentation is all solid practice management material and ranks right up there with comparable speakers like Wayne Cotton."
